

## Beverage List

Wine has flowed throughout Lebanon's history from ancient times to present day. In this beautiful land of antiquity, beverage, food, and people are one in the same.

Our beverage program reflects this, representing the best of both Lebanese traditions and those beyond the levant, while paying special homage to underrepresented people and places which also produce beautiful drinks born from nature.

The complexities of Lebanese cuisine, teamed with the culture's singular hospitality, offer exponential possibilities for pairing and sharing. We look forward to sharing them with you.

## The Great Classics Revisited 18

### Kilma Al-akhira

# Arak

There are drinks to get you drunk, and there are those to be savored with food.

Arak represents the latter.

This smooth, refreshing spirit, noted for its profile of licorice with a hint of peppermint, cleanses the taste buds and refreshes the palate for each new dish.

Arak makers also tout its holistic properties, claiming the aniseed aids in digestion and relaxation.

Tradition states that Arak is not sipped straight but mixed in a ratio approximately 1/3 arak to 2/3 water, and requires that water is added before ice.

Be playful and mix it yourself  
or allow us to mix it for you.
